

SIX-AXIS INDUSTRIAL ROBOT
六轴工业机器人

TSR142-10
TSR171-20

- 高速
- 高精度
- 性能升级
- 稳定性高
- 独特走线设计
- 快速、精确、轻盈
- 方便安装
- High speed
- High precision
- Performance upgrade
- High stability
- Unique routing design
- Fast, Precise and
- Lightweight
- Easy to install

功能 Function

紧凑的机械设计，节省安装空间。采用中空臂、内部走线设计，大幅度减少了线缆外置所造成的手腕运动空间干扰和线缆磨损及飞溅损坏。

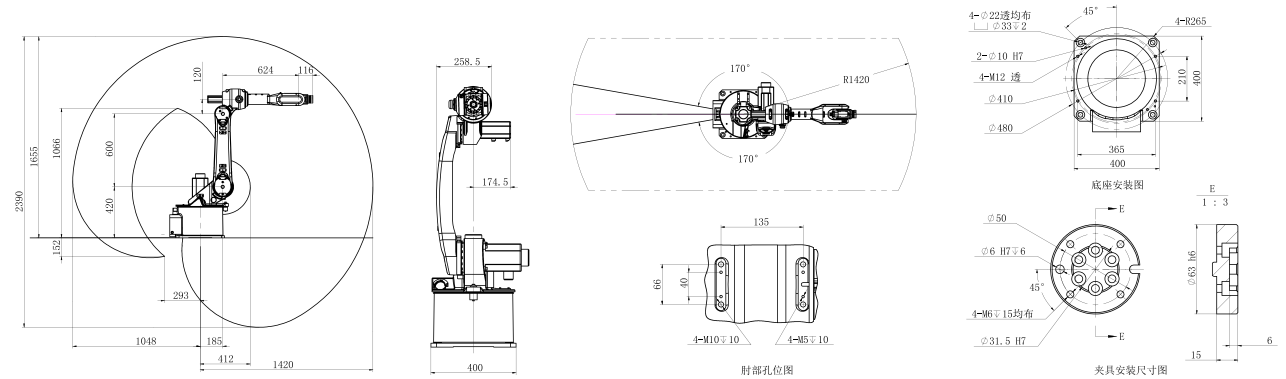

It features compact mechanical design which saves the installation space. It is applied with the hollow arm and internal wiring design, which substantially reduces the space interference of the wrist movement caused by the external cable, the cable wear and splash damage.

规格参数 Specifications

机器人型号/Robot Model	TSR142-10	TSR171-20
手臂形式/Arm Form	垂直多关节/Vertical Multi-joint	垂直多关节/Vertical Multi-joint
动作自由度/Freedom of Movement	6轴/6 Axis	6轴/6 Axis
额定负载/Payload	10kg	20kg
重复定位精度/Repeat Positioning Accuracy	± 0.02mm	± 0.02mm
最大覆盖范围/Maximum Stroke	1420mm	1702mm
本体重量/Body Weight	150kg	260kg
安装方式/Installation Method	地装/吊装 Ground Installation/Hoisting Installation	地装/吊装 Ground Installation/Hoisting Installation
IP等级/IP Level	IP54	IP54
